## VENDOR INFORMATION

### **16th Annual Michigan Community GIS Conference September 21st – 23rd, 2011 Boyne Mountain Resort**

MiCAMP, the Michigan Counties Association of Mapping Professionals, has become the Michigan **Communities** Association of Mapping Professionals. Our annual day-and-a-half GIS conference for community mapping professional's again returns to Boyne Mountain for what promises to be a very informative and enjoyable time, **amplified with the best food any conference can buy**. As a vendor, you can expect statewide representation from many Michigan county, township and city level departments as GIS continues to grow throughout the public sector. The conference is also attended by federal, state and regional agencies as well as colleges, universities and centers of excellence. If your services and/or products cater to these organizations, we are sure communities would like to learn about them. For general conference and MiCAMP information please check: <http://www.micamp.org/>

**Conference Registration with a Vending Table/Display is the most inexpensive anywhere and has been lowered to \$275.00 in light of these tough economic times.** Display space is allocated in approximately ten-foot increments and comes with electric hook-up. Your location in the vending hall will have been assigned.
